**A LETTER FROM THE PRESIDENT**

2015 was a tipping point for United Way of Southwestern Indiana. United Way and our community were presented with the challenge of turning our first gains since 2006 into a trend with the momentum to take us into the future. With the support of a dedicated campaign cabinet, Team Vectren and the active involvement of our incredible board of directors, agency directors, United Way staff and volunteers, we took on the added challenge of finding the ideal CEO for our United Way. Amy Canterbury accepted her new role as president and CEO just in time to help us celebrate a successful campaign! It has been a true pleasure and great honor to serve as Board Chair through these exciting two years. There can be no better feeling than to move back into the role of loyal United Way supporter and volunteer knowing that an organization I dearly love is in such capable hands and poised for continued success. Thanks to our community and thousands of loyal volunteers and supporters, we will achieve our goal of helping people and maintain self-sufficiency. We believe in the power of LIVING UNITED!

Sincerely,

James R. Porter, MD
