**LIVE UNITED**

Dear Southwestern Indiana,

Our mission of improving lives is a never ending task because there will always be people in need. This is why we are committed to our community and to all of the people who have put their faith in us to make a better life for us all. Even though this may seem like a daunting task it is the strength within our organization that keep us moving forward.

The strength of United Way comes from the volunteers and our partners who work with us to improve lives. We know the power of what can be accomplished when people come together around a common mission. Anything is possible.

I would like to express my thanks to the many volunteers who give their time and support to United Way. From our Board of Directors to our fund distribution volunteers, the Campaign Cabinet and those who volunteer in their workplace conducting the campaign, the volunteers who help with mailings and Day of Caring, the tax preparation, FAFSA and Early Childhood. Your dedication is inspiring. We could not accomplish our mission without you.

For 25 years I have had the privilege of serving as part of United Way. My life has been enriched by working with our volunteers, our partner agencies, our schools, our government and our business partners. It is an honor to work with the caring, devoted United Way staff who continuously strive to find ways to improve the lives of those we serve.

Dear Southwestern Indiana,

Sometimes reaching out and taking someone’s hand is the beginning of a journey...at other times it is allowing someone to take yours. The mission of United Way is to improve lives. For many in our community, United Way is the beginning of the journey to a better life.

Helping a child get the best start in life by preparing them to enter school ready to learn; giving a young person the dream of going to college by helping them fill out their FAFSA application; providing food through our local food pantries; providing after school programs for kids through our partnering agencies; are all possible because of your generous investment in United Way.

I have had the pleasure of serving as the Chair of the Board of Directors for the past two years. I know and appreciate the difference United Way is making in our community. This Annual Report highlights the 2013 accomplishments.

Our mission is achieved when we allow others to take our hand in partnership to improve lives. We are so grateful to our partner agencies, our schools, our local government, businesses, the United Way staff and all of the many volunteers and donors in our community who believe the work of our local United Way.

Thank you for your continuous support. Together we are making a difference.
