Connecting People Through 2-1-1

Everyone knows that dialing 911 will connect them with police, fire and ambulance emergency services. In Indiana, dialing 2-1-1 will connect them 24/7 to free and confidential information about human services.

The Federal Communications Commission reserved the 2-1-1 abbreviated dialing code exclusively for nonprofit information and referral in July of 2000. However, planning and implementation of 2-1-1 had already started in many parts of the U.S. and Canada. It is being carried out by a variety of state, regional and provincial groups and on widely varying scales of coverage.

Here in Indiana, 211 UWSI has been working with the Indiana 211 Partnership, Inc. and a range of stakeholders for over ten years to extend 2-1-1 to the entire state. In 2012 this dream became a reality.

Now that all 92 Counties have 2-1-1 services this means:

- People with needs will be connected easily to available human services such as clinics, counseling, food pantries, shelters and financial assistance programs.
- The 2-1-1 caller will receive a "live" answer 24 hours a day from trained professionals.
- A more cost effective (I&R) system will maximize both local and state resources (private, philanthropic and public).
- Hoosiers will experience greater quality and uniformity of I&R services.
- Funders and planners will receive information about met and unmet needs, duplication of and barriers to services and trends.

As people become more familiar with 2-1-1, it will be how most people who need human services will make the connection.

For more information about state, national and local efforts related to 2-1-1, visit these websites: www.IN211.org, www.211.org and www.unitedwayswi.org.

United Way of Southwestern Indiana 2-1-1 offers Information and Referral services to hundreds of thousands of individuals and families needing human services assistance every year. We have great expertise at providing **telephone and email help** to those in need. For phone assistance, simply dial 2-1-1 any time day or night. Specialists are available to answer calls 24 hours a day/7 days a week. To **search our database** or to request **help via email**, please go to our website at www.unitedwayswi.org and follow the prompts.
