

YOUNG LEADERS UNITED

Young Leaders United (YLU) is an initiative of United Way of Southwestern Indiana created for young professionals, ages 40 and under, who want to be involved in the community in meaningful ways. YLU offers unique opportunities to get involved in the community to work towards building a stronger, healthier community. Throughout the year, YLU members are invited to participate in meaningful volunteer opportunities, professional development luncheons, tours of our partner agencies and social networking events. Young Leaders United members who contribute \$500 or more to United Way of Southwestern Indiana, are considered Leadership Donors, and receive additional benefits such as invitations to the annual YLU Leadership Appreciation event and an invitation to the Keel Leadership Reception where you can mingle with community leaders.
