

We know our communities' greatest challenges, how they are connected, and proven ways to bring people and resources together to address them.

Just one example of success...

A UW-funded program providing consistent childcare for families in crisis helped a 3-year-old girl close the gap on developmental delays. At the same time, it allowed her mother and grandmother a chance to secure employment and housing following a period of homelessness.

19

School Readiness

K-Camp participants receive one free book each day of camp. These 19 books **DOUBLE** the child's personal library for 87% of families.

184

Crisis Management

Across 5 low-income schools, 184 students had 1-on-1 crisis intervention for urgent mental health concerns.

70%

Increased Stability

After one year in our Social Stability & Growth grant-funded programs, 7 out of 10 people moved from, "Most of my bills are overdue" to "None of my bills are overdue."

**\$4.2
Million**

Community Investment

In 2024, we secured and distributed more than \$4 million into local organizations through our Pathway Grants, Indiana United Ways matching grants, and funding for capital projects.

United Way's focused investments in vetted service providers drive major results and give donors confidence their gifts help struggling, working families access the resources needed for future success.

PATHWAYS TO POTENTIAL

United Way SWI's issue-based, competitive grant process
addressing the root causes of poverty
